

**2021-2022**

## **Campus Maintenance and Support**

Procedures and policies for maintaining and utilizing physical, academic and support facilities

The 143 years old heritage institution continues its legacy of teaching learning process through updated and equipped modern facilities in the campus of 8926 sq. metres with nine buildings. The class routine is scheduled for optimal utilization of the available physical infrastructure. The Laboratories of the Science Departments are updated with regular development Grants received from Government (State & Central). Multi Facility Centre for Science facilitates exchange of resource among departments thereby promoting higher studies and research activities among students.

Departmental and Central libraries (Arts and Science) have open access to the students and teachers. The two wings of the **Central library (Arts & Science), fully automated with KOHA**, have a rich collection of Books and Journals. An Archive cum library includes century old books, documents, journals and monographs.

Over the Years, **the College has gradually and progressively implemented e-governance** in all the different areas of its operation in a phased manner, in order to ensure accessibility to information, transparency of operation and accountability to all stake-holders. The e-governance policy and report are uploaded on the institutional website.

New facilities are being built or woven out of the existing infrastructure with the help of PWD Civil as per the need of the institution. **The much-awaited Girls' Hostel is ready and will be operational from session 2022-23.** Other facilities include, Auditorium, NSS room, Sick room, Prayer Hall, gymnasium, Alumni room, Medicinal Plant Garden, Lift, CCTV, Ramp for physically disabled, Canteen, Divyangjan Toilet and Sanitary Pads Vending Machine. **A new Solar Power Panel in addition to the existing one has been installed on top of Auditorium building.**

**Water dispensers in the college premises were donated by the Hon'ble MIC, Dr. Shashi Panja recently.**

The college has seven clubs with Teachers and Students at the helm which carry on activities throughout the year holding competitions and exhibitions, centenaries of stalwarts, culminating with the Fest and Annual Prize function. Seminars and workshops in different disciplines keep the students well aware of the advances in science and humanities. Career counselling is done regularly for the outgoing batch to keep our students updated about possibilities in placement. For strengthening the students' support the college has Statutory cells/ bodies like Backward Class (SC/ST/OBC) and Minority Cell, Anti-ragging Cell, Grievance Redressal, ICC and RTI.
